Program Overview :

The 6-month Fellowship / 1 year fellowship program in Gynaecological Laparoscopy under Dr. Dipak Limbachiya offers an exceptional opportunity to gain in-depth exposure and structured training in minimally invasive gynaecologic surgery and robotic surgery observation.

This program is designed for doctors who wish to refine their surgical skills, gain confidence in managing complex gynaecological cases, and build a strong academic and clinical foundation in laparoscopy.

Duration :

- 6 Months Fellowship Program
- 1 year Fellowship Program

Course Fees :

- Rs. 15,00,000 (Includes Food and Accommodation) (6 Months)
- Rs. 30,00,000 (Includes Food and Accommodation) (1 Year Fellowship)

Program Structure :

- Intensive exposure to live surgeries
- Observation of complex endometriosis and gynae oncology cases
- Active participation in OPD, IPD management, and out-call cases
- Participation in academic discussions
- Stepwise exposure to laparoscopic procedures under expert supervision
- Opportunity to perform surgeries
- Skill development through simulation training in :
- Dry Lab – for practising endosuturing, knot tying, and camera handling

Academic and Research Component

- Fellows are expected to complete one publication during the fellowship tenure under guidance.(6 months). Fellows are expected to complete two publications during the fellowship tenure under the guidance. (1 year)
- Opportunities to present research or case reports at conferences.
